PROJECTS

Healthy Food with Millets 🔗

- Tech stack : **HTML, Tailwind CSS, JavaScript, React, Express.js, and Mongo DB**
- A Healthy Food with Millets website is a website that promotes the use of millets as a healthy and nutritious food source.
- The website provides information about different types of millets, their nutritional benefits, and how they can be incorporated into everyday meals. It offers diet plan and cooking tips that makes it easy for people to cook with millets and enjoy their health benefits.

C++ Quiz Website 🔗

- Website designed using **HTML** and **CSS**
- Implemented features using **JavaScript**: Timer for urgency and points system for rewards

Portfolio Website

- Developed a personal website using **ReactJS**
- Showcases skills, projects, contact info, and achievements
